## Education

1998-2002	GCSE, Southlands Community Comprehensive School
2002-2005	A-Levels, Southlands Community Comprehensive School
2005-2008	BA (hons) Visual Design & Advertising, University of Kent

## Experience

**2002-2004 IT Technician, Southlands Community Comprehensive School**

In this Job I had quite a lot of responsibility and I was trusted with the school administrator password and was called upon to do many jobs, from typing, answering the phone to problem calls and logging these problems into a database, my main duties included fixing software, networking pc's together and also pc Repairs this included building pc's which incorporated inserting all the hardware into the Case. I had this job while I was still studying, this job increased my communication skills and computing ability's greatly.

**2005-2008 Sales Assistant, Wyevale stores PLC**

In this job I have had a lot of variation in work, when I first started I was mainly on tills so I learnt how to handle money well and this position also increased my communication skills further, this job has also helped me to deal with customers, and it has helped develop my tele communication skills

**2007-2008 Designer, Stone Print & Design**

In this job I was employed as an all round designer, designing Websites, Brochures, Stationary, logos, literature and much more, working in a small team of designers I learnt to work to deadlines and I learnt how to communicate with clients.

## Skills

I am Proficient with many different programs and software, such as Photoshop, Illustrator, Flash, Dreamweaver, Premiere, Quark, After effects, most mail software, word, PowerPoint, FTP software, 3DS Max I am also currently in the process of learning how to code PHP and SQL sheets for the use on eCommerce sites, I am also competent in an office space I have learned how to speak to clients and also to work to short deadlines.

## Interests

In my spare time I play guitar and sing in a band and play local gigs, I love Music. I play basketball for my local team and I also play football for my local team, I enjoy many sports and have many medals and injuries to show for it. In the past I have had many achievements I was part of a team that raised £50,000 towards a skate park for my local town, this included talking to different companies for sponsorship and different fundraising activities. I also took part in an engineering course, which taught me the importance of working as a team in which my team won the gold crest award for innovative design. In the past three years I have taken part in Exhibitions and have shown my work in a gallery space, I really enjoy designing spaces and building exhibitions, so for the three exhibitions I was assigned lead curator and set designer, I like designing spaces that all can enjoy not just the artistically minded, and that's what my spaces tend to be about.
